## Support Our Issaquah School District Levies!

“The future success of students requires strong math, science and technology skills. With your support of the levies, our students will be prepared to compete with students from all over the world.”

– Vale Crain Baxter, *Issaquah School District Teacher*

### **Maintenance and Operations Levy**

This is the bread and butter of the District budget. The M&O Levy is 19% of our district's operating budget.

### **School Bus Levy**

This levy will replace old buses with new, more efficient models that align with the state's safety standards and replacement cycle.

### **Capital Projects Levy**

This levy will fund both technology to keep our students competitive in a global economy and critical building repairs to protect our community's investment.

Support Students and Your Community

# Renew All Three Levies

### **No Increase In Taxes!**

Average homeowners will pay the same or fewer tax dollars for local schools if all three renewal levies pass. For more information, go to:

[www.visvote.org](http://www.visvote.org)
